

St. Mary's
Food Bank
ALLIANCE®

Annual Report 2011-2012

Thank you for helping us Reduce Hunger and Increase Awareness.

More than Food. Hope.

Message from the President & CEO and the Chairman of the Board of Directors

For the past several years, St. Mary's Food Bank Alliance has needed to grow by leaps and bounds to keep pace with the unprecedented need that has affected one in five families in Arizona - including one in seven seniors and, tragically, one in four Arizona children. Hunger has been, and continues to be, a serious problem in the Grand Canyon State.

In the span of two years, the food bank grew from distributing 43.7 million pounds of food to 73.4 million pounds in a single year. Operations housed in one warehouse in Phoenix are now spread throughout a campus of three buildings. The extra space for the Community Kitchen, Kids Cafe and agency shopping programs came just in time, as the recession hit with devastating effects and increasing demand for the food bank's services.

In 2011-12, the numbers of people needing us continued to grow. But stabilized and dealing with "the new normal," St. Mary's was able to implement operational efficiencies and creatively expand programs to better serve the community. The food bank focused on strengthening the composition of agency partners, adding mobile pantry distributions to reach poverty-impacted neighborhoods and expanding food resourcing directly to the food rich farms, dairies and orchards in our state.

Each time the number of families in need increased, you have been there with another dollar, another can of food and another hour of your time that said, "Here are the resources. Help as many people as you can." It is because of you that we have been able to reach out to those who need it most.

So it is with pride and gratitude that we present the 2011-12 Annual Report of St. Mary's Food Bank Alliance. And along with making sure that 95 percent of contributions flow directly into programs and keeping our costs down, we have been recognized by others for doing what we do best.

For the 10th time, St. Mary's was awarded a four-star rating from Charity Navigator, the preeminent non-profit evaluator in the United States. St. Mary's was also named a Best Place to Work in Phoenix, while AZ Business magazine and BestCompaniesAZ not only named St. Mary's to its top 40 list of Most Admired Companies, but also singled out the Food Bank for a spotlight award for Workplace Culture.

We are proud of the work we have accomplished, and look forward to another year of service. On behalf of the Board of Directors and food bank staff, we thank you.

Sincerely,

Beverly Damore
President and CEO

Vicki Copeland, M.D.
Chairman, Board of Directors

A Four-Star Charity You Can Count On

St. Mary's Food Bank takes very seriously and with unmatched pride its commitment as a responsible non-profit organization that is accountable to the community it serves. Over 45 years, St. Mary's has tackled the challenge of easing hunger in Arizona through the vision of founder John van Hengel.

The Food Bank tirelessly strives to ensure that as much of every donation reaches those in need as possible. More than 95 percent of every donation received is used to support its mission-driven services, ranking as one of the most efficient of all charities.

Those who have examined our fiscal practices and businesses have found St. Mary's to be a safe and trustworthy organization. Charity Navigator, the

nation's top charity evaluator, has awarded the Food Bank its 4-star rating – the highest possible rating – 10 times, including Fiscal Year 2011-12. Charity Navigator President and CEO Ken Berger praises St. Mary's, saying the Food Bank "consistently executes its mission in a financially responsible way, and outperforms most other charities in America and demonstrates to the public it is worthy of their trust."

In the summer of 2012, St. Mary's was again selected on the top 40 list of Most Admired Companies in Arizona by AZ Business magazine and BestCompaniesAz, while being honored with a special award for Workplace Culture.

COMMUNITY KITCHEN

SERVING UP SKILLS FOR A BRIGHTER FUTURE

Four Tiers for a Second Chance

Community Kitchen's message says it all: To empower disadvantaged individuals to achieve self-sufficiency through job training, personal development and employment in the foodservice industry.

But it can also be said with just three simple words—a second chance.

Now in its 12th year of operation, St. Mary's Food Bank Alliance's Community Kitchen program has transformed the lives of hundreds of individuals, and those of their family members, by offering a hand up and a new, positive direction toward self-sufficiency.

Targeted at a segment of the population consistently struggling with unemployment and poverty, Community Kitchen is a 16-week program that is now divided into four distinct disciplines designed for self-growth and development. The goal is to help students gain the necessary kitchen skills through hands-on cooking and culinary classroom studies — and control of their lives in the process. Completion of the journey leads to a job that offers a livable wage, benefits and opportunities for advancement.

Students leave the program with certification from the National Restaurant Association (ServSafe Manager), a Maricopa County Food Handlers Card, fire safety training and developed knife skills.

Just as important, Community Kitchen offers life skills instruction designed to chart a new direction in the students' overall environment. Classes cover topics ranging from improving family relationships to self-improvement to writing a resume. Students with histories of legal and substance abuse problems or domestic violence situations learn to take control of their lives while preparing for a new career.

Housed on the Stardust Campus and in the University of Phoenix Programs Center, the Community Kitchen graduates have received internships at some of the Valley's best restaurants, catering facilities and hotels, and the job placement record is more than 90 percent. "Serving up Skills for a Brighter Future," Community Kitchen is a point of pride at the world's first food bank.

"I have the audacity to believe that people everywhere can have three meals a day for their bodies, education and culture for the minds and dignity, equality and freedom for their spirits." – Martin Luther King, Jr.

A program of **FEEDING AMERICA**[™]

...because no child deserves
to go to bed hungry.

"Because no child deserves to go to bed hungry," the St. Mary's Food Bank Kids Cafe® program aims to alleviate childhood hunger in our state by providing nutritious meals to children at risk of hunger.

With one in four Arizona children in danger of food insecurity, the Kids Cafe program has undergone explosive growth in the past year, now serving more than 3,000 meals a day during the school year to at-risk kids.

In addition, when the schools close for the summer and as a result kids are without the free breakfast and lunch programs, Kids Cafe will ratchet up the program to reach even more kids in an effort to fill that meal gap. In the fall of 2012, Kids Cafe introduced the first hot meals to the after school program, starting with 100 meals featuring meats, starches and vegetables at pilot programs with the goal of expanding in the future.

All the Kids Cafe meals are served at monitored sites with an emphasis on safe, accessible and nurturing environments to benefit at-risk children. As a part of an after-school program that also includes tutoring, homework study groups and athletic activities, Kids Cafe partners with churches, schools, community centers and city Parks and Recreation Departments to provide meals for kids who might not have a dependable evening meal at home.

During Fiscal Year 2011-12, the St. Mary's Food Bank Kids Cafe program served a total of 566,000 meals to children five to 18 years of age at more than 40 sites around the Valley. That is an increase of more than 150,000 meals over the previous year, and there are plans for the same kind of increase in the next year.

bringing hope to the hungry

For so many of the clients that visit St. Mary's Food Bank Alliance, a shortage of food isn't the only problem. The lack of reliable transportation or the difficulty of taking food home via public transportation sometimes makes even the drive to the Food Bank a difficult ordeal.

That's why St. Mary's greatly expanded its mobile pantry program in 2011-12, with the idea of bringing many perishable, nutritious foods to neighborhoods dealing with poverty. Fresh fruits and vegetables, breads, and bottled drinks are included in the mobile pantry distributions, which are held at consistent locations and times so those in the neighborhood can make it a part of their schedule.

Drive by a school on one side of the Valley, a church on the other or a community center in an outlying area and you will see a St. Mary's tractor trailer and pallet after pallet of the kind of foods that can make for nutritious meals all week long.

The Mobile Pantry program has increased to more than 30 sites in rural and urban locations and has become a gathering place for the neighborhood.

Community volunteers are vital to the program. They set up the pantry, distribute the food to their neighbors and make sure the area used is returned to the same condition. The result is healthy food opportunities in areas where the only alternative leads to poor eating habits.

"We know we're helping these communities and keeping them healthy at the same time," said St. Mary's Community Development Manager Scott Gray. "You can tell by the reaction we get that we're really making a difference. The need is just so strong. This is the kind of food people need to be eating, but don't always have the ability."
