

PROVIDING MORE THAN FOOD – *hope.*

ANNUAL REPORT 2014-2015

# MESSAGE

FROM THE PRESIDENT & CEO AND  
THE CHAIRMAN OF THE BOARD OF DIRECTORS

**More than 1.2 million Arizonans live at or below the poverty level, which means they are living very often with the reality that they don't know where their next meal is coming from or how they will be able to feed their children regular and nutritious meals.**

We cannot imagine living with the stress that uncertainty brings, but we do know that at St. Mary's, we are fortunate to be able to ease that worry for many.

St. Mary's Food Bank is not only the first food bank started in the world, it is one of the largest food banks in the country. We distributed more than 66 million pounds of food last fiscal year and we distribute to more than 300 non-profit agency partners that are located in an 81,000-square-mile service area.

We are big because we have to be – with such a large and varied distribution area, we see poverty and hunger everywhere it hides. And it is hiding in plain sight.

Nearly one in three children in our state lives with hunger. And one in seven seniors not only lives with hunger, many make heart-breaking choices about whether to buy food, or forego buying medication, or paying rent, or riding the bus. We once received a call from an elderly woman who had to decide whether to pay bus fare to go pick up a desperately needed new pair of glasses – or eat. We delivered a food box to her home so she didn't have to decide.

Every single month, St. Mary's Food Bank distributes more than

40,000 emergency food boxes to households. We conduct more than 40 fresh produce distributions in communities where fruits and vegetables are hard to come by – or are too expensive for folks to afford.

We provide 5,000 meals to kids after school each and every weekday, trying to assure they don't have to wait to return back to school the next morning before they can eat again.

We need to keep working to make the food we provide more nutritious – and perishable products are not only expensive, they are harder to handle than shelf-stable cans.

None of it is easy, and certainly none of it is cheap. But with generous support like yours, we can most certainly do it.

So thank you. Thank you for your tireless and generous support of St. Mary's Food Bank Alliance and for focusing your immense generosity on not only calling attention to the fact that too many Arizonans do, in fact, go hungry everyday – but for doing something to help solve it.

Your support allows us at St. Mary's Food Bank to say and deliver upon the only other word more important to us than "food."

**That word is "hope."**

# A SECOND CHANCE

## COMMUNITY KITCHEN

SERVING UP SKILLS FOR A BRIGHTER FUTURE

Kitchen's message says it all: To empower disadvantaged adults to achieve greater self-sufficiency through job training, personal development and employment in the foodservice industry.

But it can also be said with just three simple words—a second chance.

Now in its 15th year of operation, St. Mary's Food Bank Alliance's Community Kitchen program has transformed the lives of hundreds of individuals and families. The program offers individuals who are faced with significant barriers an opportunity to move in a positive direction so they can support themselves and their families.

Targeted at a segment of the population consistently struggling with unemployment and poverty, Community Kitchen is a 16-week program that consists of three distinct disciplines designed for self-growth and development. The goal is to help students gain the necessary kitchen skills through hands-on cooking and culinary classroom studies while learning the tools to direct their own lives in the process.

Just as important, Community Kitchen offers life skills instruction designed to chart a new direction in the students' overall environment. Classes cover topics ranging from improving family relationships to self-improvement to writing a resume. Students with histories of legal and substance abuse problems or domestic violence situations learn to take control of their lives while preparing for a new career.

In addition to the hands on food service training and personal development workshops, student have the opportunity to receive various certifications and support services that include, the National Restaurant Association ServSafe Manager Certification, fire safety training, chef's uniform, career advisement, transportation assistance, and case management support. Completion of the journey leads to successfully securing a job in the industry that will provide them with an opportunity for advancement.

Housed on the Stardust Campus and in the University of Phoenix Programs Center, the Community Kitchen graduates have gained employment at some of the Valley's best restaurants, catering facilities and hotels, and the job placement record is more than 90 percent. "Serving up Skills for a Brighter Future," Community Kitchen is a point of pride at the world's first food bank.

# NO CHILD DESERVES TO GO TO BED HUNGRY

Because no child deserves to go to bed hungry,” the St. Mary’s Food Bank Kids Cafe® program aims to alleviate childhood hunger in our state by providing nutritious meals to children at risk of hunger.

With one in four Arizona children in danger of food insecurity, the Kids Cafe program has undergone explosive growth in the past year, now serving more than 5 million meals a day during the school year to at-risk kids.

In addition, when the schools close for the summer and as a result kids are without the free breakfast and lunch programs, Kids Cafe will ratchet up the program to reach even more kids in an effort to fill that meal gap. In the fall of 2012, Kids Cafe introduced the first hot meals to the after school program, starting with 100 meals featuring meats, starches and vegetables at pilot programs and are now serving nearly 800 meals throughout the Valley.

All the Kids Cafe meals are served at monitored sites with an emphasis on safe, accessible and nurturing environments to benefit at-risk children. As a part of an after-school program that also includes tutoring, homework study groups and athletic activities, Kids Cafe partners with churches, schools, community centers and city Parks and Recreation Departments to provide meals for kids who might not have a dependable evening meal at home.

During Fiscal Year 2012-13, the St. Mary’s Food Bank Kids Cafe program served one million meals for the first time in the history of the program to children five to 18 years of age at more than 90 sites around the Valley. That is an increase of more than 375,000 meals over the previous year, and there are plans for the same kind of increase in the next year.

# MOBILE PANTRY BRINGING HOPE TO THE HUNGRY

For so many of the clients that visit St. Mary's Food Bank Alliance, a shortage of food isn't the only problem. The lack of reliable transportation or the difficulty of taking food home via public transportation sometimes makes even the drive to the Food Bank a difficult ordeal.

That's why St. Mary's greatly expanded its mobile pantry program in 2012-13, with the idea of bringing many perishable, nutritious foods to neighborhoods hardest hit by poverty. Fresh fruits and vegetables, breads, canned goods and bottled drinks are included in all the mobile pantry distributions, which are held at consistent locations and times so those in the neighborhood can make it a part of their schedule.

Drive by a school on one side of the Valley, a church on the other or a community center in an outlying area and you will see a St. Mary's tractor trailer and pallet after pallet of the kind

of foods that can make for nutritious meals all week long. The Mobile Pantry program has increased to 44 current sites in rural and urban locations and has become a gathering place for the neighborhood.

Community volunteers are vital to the program. They set up the pantry, distribute the food to their neighbors and make sure the area used is returned to the same condition. The result is healthy food opportunities in areas where the only alternative leads to poor eating habits.

"We know we're helping these communities and keeping them healthy at the same time," said St. Mary's Community Development Manager Scott Gray. "You can tell by the reaction we get that we're really making a difference. The need is just so strong. This is the kind of food people need to be eating, but don't always have the ability."

# VOLUNTEERS

From those who help St. Mary's by sorting, boxing, bagging and distributing food boxes to those who serve as members of our Board of Directors, the Food Bank simply could not accomplish its mission to serve all those in need without our incredible volunteers.

St. Mary's cannot thank the 68,964 individuals who came through our doors wanting to help this year enough for their interest and passion for helping others. Over the course of FY 2013-14, those volunteers provided 275,886 volunteer hours to make sure the one in five Arizonans who are food insecure had hope in their lives.

Every hour of volunteer service helps provide more than 100 meals to those in need, and allows a food bank with just 150

full-time employees the opportunity to accomplish the daunting task of providing 68 million pounds of food to Arizona's hungry. That means enough food is distributed to provide more than 27 MILLION meals provided thanks to our volunteer corps.

Thank you to everyone, whether you donated an hour, a day or are one of our outstanding repeat volunteers. We couldn't do it without you!
